## Wines

Tule Bianco - Cantina Normano, Sicily, Italy, 2022 - € 19

*Fresh and easily approachable cataratto white wine from the South of Italy. Fruity apple and pear aromas with a refreshing minerality and a nice round finish. Fully naturally produced and unfiltered.*

Beaujolais Blanc - Domaine de Thulon, Beaujolais, France, 2022 - € 23

*Refreshing chardonnay from the Beaujolais. Despite being ripped in RVS tanks this chardonnay has a wonderful round mouthfeel and delicious buttery aromas without weighing too heavy. A great barrel and dinner option! The Domaine de Thulon has been producing wines for generations and uses biodynamic farming techniques to make wines that have classic taste profiles.*

---

Calaniuru - Mortellito, Sicily, Italy, 2022 - €24

*Lovely, light-bodied red from the South. Packed with red fruit and a nice freshness. Blend of the Sicilian all-stars Frappato and Nero d'Avola. Also great to serve chilled during the summer.*

Barbarossa - Marco Barba, Veneto, Italy - €21

*Strong and convincing red wine from the North of Italy served at a convincing price! A blend of merlot which gives the wine a nice roundness and red fruit and completed by some cabernet and raboso which add some structure, tannins and a slight acidity.*

---

Sparkling, Rosé, and Orange wines are also available on request.

To see more options, please visit [www.compartirwijnbar.nl/wine](http://www.compartirwijnbar.nl/wine). Our sister restaurant serves more than 100 wines which are biologically and biodynamically produced.
